Sir,

Sub: Irrigation - South Kanara District - Hosdrug sub-taluk - Excavation of a channel from Thuchanam to Kannayalamkara - Request of Sri Ramakrishna Nair.

Ref: Government Memorandum No. 85942 J/53-3 dated 8-12-53.

In continuation of my No. 5832/53-B.7 dated 17-12-53, I have to state that the Superintending Engineer, Coimbatore Circle has submitted plans and estimate the latter amounting to Rs. 17000 for works only or Rs. 22018 including direct and indirect charges for the construction of a vented dam and excavating a supply channel in Ajanur village of Hosdrug taluk after detailed investigation. The proposals are intended to benefit an extent of 120 acres in Ajanur village and the proposed vented dam is located 600' above the existing mud katta across the Pezloth stream.

The supply position has not been clearly reported on by the Superintending Engineer nor has the Collector's views on the scheme been obtained though addressed. The scheme if found feasible on further examination will be sanctioned under Special Minor Irrigation Works programme and executed.

In the above circumstances I request that this reference may be deleted from U.R.List.
